The PNB met in Executive session 3 times in June to discuss a Board member disciplinary possibility and Employee and Financial confidential matters and a Financial Impact Plan to those Units that are very challenged with keeping up with billables' and Central Services and actualizing and making Pay-Roll in various units at least 4 of 7 that are struggling to meet realistic expectations and our ongoing relationship with N.E.T.A. Our major debt to FJC has been favorably extended by our lender FJC as we have been making consistent payments in paying down this loan.

Beth von Gunten will be providing the report out of Executive Session of the PNB to the KPFK LSB Execution session.

The PNB Governance Committee met on June 1st and will meet on Wednesday, June 22nd 5:30pm Pacific Time Via Zoom and stream on KPFTX.org for the PNB Governance Committee Agenda will be posted on KPFTX.org.. The PNB Governance Committee is conducted a Chairperson election as I write this report Lawrence Reyes from KPFK and Richard Urzell from KPFT are Candidates for the Committee Chair person.

Regarding, the 2023 Pacifica Delegation LSB Election's status I defer and encourage the PNB Election's Committee LSB Delegate Representatives on this PNB committee to provide an update.

3. PNB Director's Report

PNB Director's Report to the KPFK LSB
Beth von Gunten, PNB Director
June 19, 2022

In very welcome news this month, our major lender FJC approached Pacifica with an offer to extend the remainder of our outstanding loan for an additional two years, to October 2024 with terms unchanged. Over the past three years Pacifica has paid down a significant portion of the original \$3.8M loan, with \$2.175M now remaining. Pacifica greatly appreciates the vote of confidence.

Financial service provider NETA is hard at work completing Pacifica's current audit, due at the end of this month. They have indicated that, after completing their current contractual obligations to Pacifica at the end of this this fiscal year, any further arrangements for ongoing business services would have to be renegotiated. NETA has brought badly needed regularity to Pacifica's business practices and with it significant financial progress. While hopeful that outstanding issues can be

resolved to the satisfaction of both parties allowing for further collaboration, Pacifica is taking the precaution of considering all its options.

The pandemic moratorium on utility cut offs came to an abrupt end at the end of May, resulting in Southern California Edison demanding immediate payment in full of KPFK's outstanding \$60,000 bill. Pacifica General Counsel Arthur Schwartz was able to negotiate an extension of terms over the course of the next eighteen months to allow the station to cover the cost over time, relieving the immediate pressure. Edison continues to power our mighty Mount Wilson transmitter without interruption.

Pacifica's overall financial situation remain precarious with KPFK of particular concern. With four different GMs within four months so far this year and a permanent GM yet to be identified, the urgent need for stable local leadership is especially compelling. The unmet need for steady consistent reliable management is a seriously detriment to the wellbeing of the station, leaving overburdened staff to cope as best they can without sufficient support. Addressing the prolonged lack of adequate stable management must be prioritized immediately. All other potential progress is dependent upon it.

The PNB stood up and populated a PNB Personnel Committee this month, to commence meeting within the next month.

The KPFK Programming Oversight Committee held it's regular monthly meeting on Monday, May 16. At least ten people attended, including special guest LSB member Ziri Rideaux who presented in greater detail the new KPFK news production initiative she introduced to the LSB the day before. It was received with great interest. Extensive discussion followed. Locally produced news pertinent to our own signal area remains at the top of the perennial listeners' wish list as the single most frequent programming request. The next regular Programming Oversight Committee meeting is tomorrow, Monday, June 20, 2022, at 4:00pm PT.

The Programming Oversight Committee passed the following two motions for LSB consideration:

1) Moved, that the KPFK Programming Oversight Committee requests that the PNB, Pacifica ED, and KPFK IGM immediately implement the PNB Communications Resolution passed on March 4, 2021, and currently policy throughout the Pacifica Radio Network. This would include, but not be limited to, a Report to the Listeners by the KPFK IGM during the month of May and every month following; a Report to the Listeners at least once every two months by the KPFK LSB; and a Report to the Listeners at least twice each year and as soon as possible by the Pacifica ED and Pacifica CFO.

(Andrew Weiss)

2) Moved, that the KPFK Programming Oversight Committee supports in principle the new KPFK News Production Initiative proposed by Ziri Rideaux and urges KPFK and Pacifica management to do the same and report back to the next Programming Oversight Committee meeting.

6. General Manager Search Committee

Report from the KPFK General Manager Search Committee, June 19, 2022

The KPFK General Manager Search Committee is meeting weekly and is reviewing applications.

As KPFK and the Pacifica National Office are strapped for funds the KPFK GM Search Committee is moving forward to raise money to pay for the advertising needed to do a thorough search for a general manager and comply fully with FCC regulations. Please consider chipping in some \$ to help with this effort.

- *. So far Oye Oyeyipo placed a \$150 ad on the National Association of Black Broadcasters site. Thank you so much for your help, Oye!!
- *. Michael Novick placed an ad on the National Association of Hispanic Broadcasters site. Also, much thanks, Michael!
- *. I placed an ad on Current (Public Media Jobs). Thanks, me!

We have already passed the halfway mark toward paying for the \$1,000 to \$1,200 needed to adequately advertise this job listing. Your help would be greatly appreciated! Please contact me and I'll let you know how you can chip in.

The job opening is listed on the KPFK website, at Pacifica.org, on the WBAI, KPFT and WPFW websites and on the Affiliate Network website: <https://pacificanetwork.org/> and on the Affiliate Network Facebook page. Ursula Rudenberg, Director of the Pacifica Affiliate Network deserves praise for going above and beyond in advertising this job opening as she has also sent the announcement out in a newsletter to all the over 200 Pacifica Affiliates!

As far as free advertising goes, the GM job listing is now on the Corporation for Public Broadcasting website as well as on the California Broadcasters' Association website. Evelia Jones, a GMSC Committee Member, was successful in getting the listing posted on the LA Progressive and Hollywood Progressive sites. We also have placed free listings on Linked In, many Facebook pages and other free listing sites. Thanks to everyone on the KPFK GM Search Committee who has been helping with this.

Any help you can give would be very much appreciated! Here is a short ad that you can circulate:
