

The WPFW Local Station Board will meet November 30, 2011 at 6:30 p.m., at the station, to discuss issues related to station operations, programmers, and the General Manager.

This meeting will be open to the public and will begin with a report from the General Manager, followed by Q&A between LSB members and the GM. Community Comment will start at 7:30 pm, regardless of where we are in the agenda.

Following Community Comment and related discussions, the LSB will move briefly into closed session to discuss legal matters; and will reconvene thereafter for a public work session with our Pacifica National Board Directors to discuss proposed amendments to the Pacifica Bylaws.
