## PUBLIC COMMENT

The public comment section was given over, almost entirely to discussions in an around the suspension of WBAI Local Station Board Paul De Rienzo for his disruptive behavior at the March \_\_\_\_ LSB meeting. A video of the meeting was run at the end of the public comment section.

Patty Heffley introduced the following motion:

Whereas suspensions longer than one meeting in effect constitute temporary removal of an elected board member,

RESOLVED, that: Article 4, Section 9 of the revised Pacifica Foundation Bylaws must be applied to any suspension longer than the meeting in which the alleged offense takes place . . . (quote Article 4, Section 9 . . .)

A freewheeling discussion of the episode and Ms. Heffley s motion ensued, during which it emerged that, while aspects of this suspension and previous requests by Ms. Heffley to overturn the suspension had been referred by the PNB to the Governance Committee, the Committee had not disposed of the issues.

The Chair indicated that, had he known of this, he would not have permitted the foregoing discussion.

Mark Roberts moved, seconded by Randhawa that the totality of Ms. Heffley s new and old motions be referred to the Governance Committee take final action on this matter.

Motion prevails - 13 ayes, 1 nay.

A complementary motion had to be made that the Governance Committee take action on the matters pertaining to De Rienzo s suspension before the PNB s regularly-scheduled April, 2005 teleconference call. Motion was adopted without objection

The Chair moved the adjournment of the meeting at 9:00 p.m.

Respectively Submitted by \_\_\_\_\_ , Secretary of the PNB
