Agenda Items

1) Sound Exchange and pod-casting of music
2) Statistics of streaming & downloads of the stations (gather information and make available to station managers and program councils - may be of more use than arbitrons.)
3. Form subcommittee to work on strategy, vision, best practices for web sites: archives, streaming, downloads, social blogging, video, multi-media social hubs. What staffing and technology needed.
4. Posting of meetings and minutes and governance issues to web site
5. National best practices for collaborative and national broadcasts
6. Blog websites for marketing of stations (Fan page on facebook)
7. How can PRA content be made more accessible (licensing, funding issues - performance vs research entity)
8. Licensing to clear music for archive, downloading and pod-casting. (Getting individual permission from record labels.)
